Insights

The Annual Mahoning Valley Miniature Bridge Building Competition will be held at Youngstown State University on Tuesday, February 18th, 2025. Twenty-four bridge building teams from twelve Mahoning and Trumbull County schools competed in last year's event.

We are seeking your help in making this year's event an even bigger success with a fun-filled day of learning for **Mahoning and Trumbull County high school students**. Our goal is to promote an awareness of civil engineering as a career choice to students, and to provide students with an educational opportunity to apply their knowledge to a real world application.

All monetary donations or volunteer assistance is greatly appreciated. Your company will get positive exposure and you will be doing a great service to the youth of the valley. As an important business leader, we respectfully request your consideration to help sponsor this endeavor.

County Engineer

Patrick T. Ginnetti, P.E., P.S., is the Mahoning County Engineer. Mr. Ginnetti received a Bachelor of Engineering in Civil & Environmental Engineering from Youngstown State University and a Certificate of Surveying from Columbus State Community College. He is a registered Professional Engineer and a Registered Professional Surveyor in both Ohio and Pennsylvania. Mr. Ginnetti has been an engineer and a surveyor in both the private and public sectors. He had worked for the City of Columbus, owned his own engineering & surveying firm and worked for the State of Ohio.
